

it's time for the

RAVENGLASS & ESKDALE RAILWAY STORY

Ravenglass & Eskdale Railway
is a tourist attraction with
trains that you **can ride on.**

This means it is a place where I
can have **fun exploring the**
outdoors and take a train ride on
a 7 mile long track.

I might hear:

At the entrance

Guests chatting

In the cafes

Hot drinks being made

I might hear:

From the platform

Steam hissing from an engine

On the train

The hum of the train engine chugging along

Outside I might see:
On the trains

The shiney brass whistles on the trains
From the platform

The narrow train tracks

Outside I might see: At Ravenglass station

The red phone box

By the entrance

The entrance sign

Inside I might see: In Dalegarth cafe

Large wooden beams on the ceiling
Inside the museum

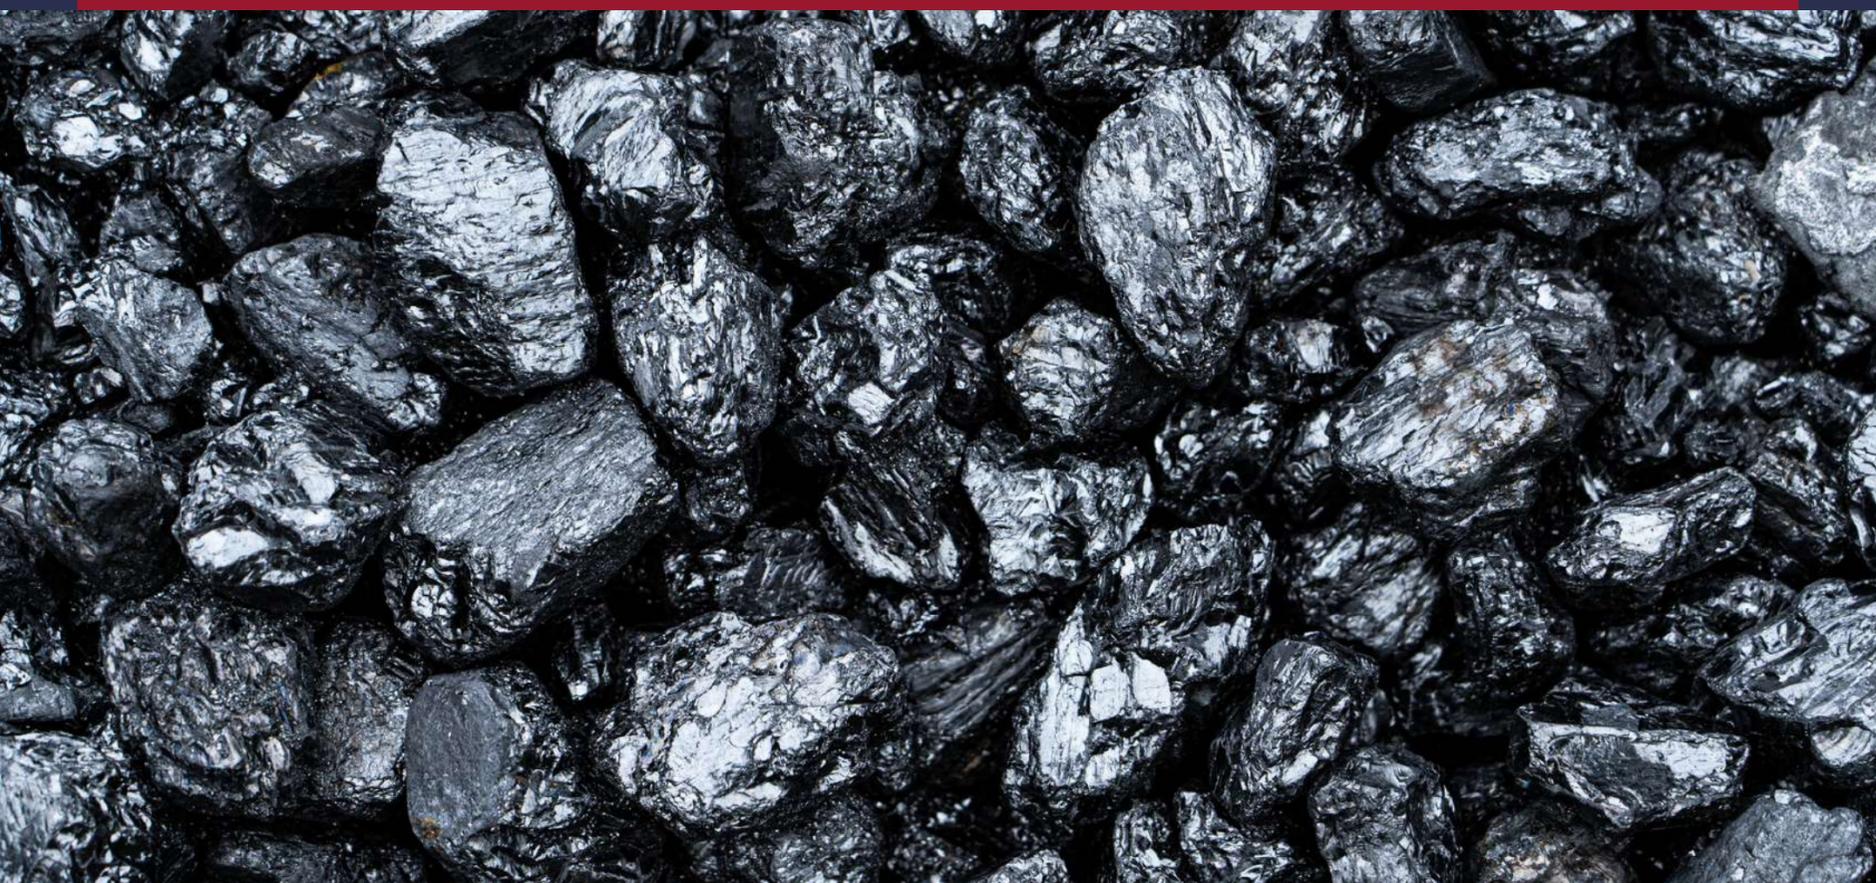

Engines that I can play with

I might smell:
In the cafes

A hot drink being made
On the platform

The faint smokey smell of coal
burning

I might smell: On a walk

Freshly cut grass
By the picnic benches

A sandwich made just for you, yum!

I might taste:
On the train

Some crunchy snacks
In the cafe

A cold ice cream

I might taste:
At the cafe

**Delicious freshly
made food**

I might touch or feel: In the observation carriage

The fuzzy red seats

On a walk

The smooth pebbles of the memorial

I might touch or feel:

On the train

The cool smooth wood

On the platform

The gooey hand soap

Most of all, the **Ravenglass & Eskdale Railway** is a place where...

I can take a train ride,
spend time with my family
and explore the outdoors.
